**Viugift Industries (Shenzhen) Co., Ltd.**

# Why International Buyers Trust Viugift Packaging

Empower your supply chain with factory-direct manufacturing, rigorous quality control, and seamless worldwide supply. Read more about us and see why partners trust our operational standards.

## 10+Years

**INDUSTRY LEADERSHIP**

A decade of specialized expertise in secondary custom packaging solutions.

## LOW MOQ

FLEXIBLE PRODUCTION

We support custom packaging orders to fit different brand launch plans.

## 6,000 m²

**MODERN FACILITY**

Equipped with high-speed automated machinery and supported by rigorous quality control.

## 5M+ UNITS

**ANNUAL CAPACITY**

We deliver large-volume custom packaging orders with reliable lead times for global brands.

# The Advantages of Flat-Fold Rigid Packaging

Great packaging shouldn’t eat into your profit margins. Low-cost packaging shouldn’t compromise your product’s perceived value. We offer a smarter packaging solution.

### Reduce Logistics Costs by Up to 70%

Shipped flat to make better use of container space. Potential savings on ocean freight, warehousing and handling.

### Support Higher Product Pricing

A premium rigid-box finish creates a refined unboxing experience and can support higher perceived product value.

### Tailored To Your Brand

Sizes, printing and details can be customized to reflect your brand identity.

### Designed with Sustainability in Mind

FSC-certified materials and recyclable packaging options. Support your brand’s sustainability initiatives.

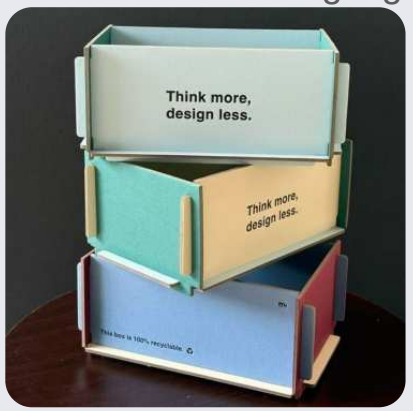

# Self-Locking Flat-Pack Boxes

Flat-fold design cuts storage and shipping costs; sturdy construction keeps transit damage low; the self-locking structure assembles in seconds, with the refined feel of a rigid gift box.

① Two-Piece Self-Locking Box

# Simple, Transparent and Straightforward

01

## Brief Your Requirements

Share product details, brand goals, style, size, material, quantity and artwork.

02

## Confirm the Design

We develop the layout and structure; you approve the artwork before sampling.

03

## Develop & Sample

We produce a physical sample so you can evaluate fit, print and finish in person.

04

## Approve the Sample

You approve the sample; the specification is finalized and locked for mass production.

05

## Produce & Deliver

Bulk production runs with in-line QC and coordinated delivery to your destination.

Sample ~3 days · Bulk ~5 days · MOQ from 500 pcs
